## Memorandum

TO: City Council

FROM: Lori A. Crouch, Public Relations Manager

COPIES TO: City Clerk, City Attorney

SUBJECT: Council Interests

DATE: June 5, 2015

---

Happy Harborfest weekend! I hope you all had a great week. Here is some information regarding several of your interests raised during the last Council meeting.

**Pedestrian crossing updates:** The Complete Street Safety Task Force is currently reviewing the Tidewater Drive corridor from Norview to Cromwell as part of their citywide review. Here are some of the highlights:

- Lakewood – create a “senior crossing” by enhancing driver awareness with signals and signs. In March/April the crosswalk was restriped added ladder bars, vehicle stop bar was moved away from crosswalk, pedestrian sign was added to the mast arm and added advanced pedestrian ahead signs.
- Lafayette Drive – currently features pedestrian signal, push buttons, pedestrian crosswalks
- Cromwell Avenue – challenge is two driveways that need to be either closed or realigned to accommodate pedestrians

**Pretlow substation:** Officers throughout the city generally complete incident reports on the computers in their vehicles; however, Second Patrol Officers are utilizing the Pretlow Library substation as a base for report writing and case management follow-ups. While using the sub-station, officers frequently check on the welfare of Pretlow’s staff, which also enhances their public presence within the library.

Parade of Sail today – Have a great weekend!
